

# RONIN®

Datasheet  
Motores Trifásicos y Monofásicos

CORESA®

Modelo

RM-M1-2A-00100-801-02

Monofásico  
Aluminio

3000RPM  
2P

HP  
1,00

|              |         |                       |
|--------------|---------|-----------------------|
| Info General | Skü     | RM-M1-2A-00100-801-02 |
|              | EAN13   | 7428325601406         |
|              | Tipo    | Monofásico            |
|              | Carcaza | 801                   |
|              | Polos   | 2                     |

|                |                                  |          |
|----------------|----------------------------------|----------|
| Info Eléctrica | RPM                              | 3000     |
|                | Eficiencia (S)                   | 1        |
|                | Tensión (V)                      | 220V     |
|                | Hz                               | 50Hz     |
|                | Factor de potencia (cos $\phi$ ) | 0,95     |
|                | Potencia HP                      | 1,00     |
|                | Potencia kW                      | 0,75     |
|                | EFF $\eta$ = (%)                 | 73,0     |
|                | Corriente (A)                    | 4,9      |
|                | dB(A)                            | 75       |
|                | Capacitor ( $\mu$ F) monofasicos | 100/250V |
|                | Aislamiento ISOL                 | 25/450   |

|             |                  |             |
|-------------|------------------|-------------|
| Info Física | Dimensiones [mm] | 355*210*260 |
|             | Peso [kg]        | 10.5        |
|             | Material         | Aluminio    |

|           |                      |               |
|-----------|----------------------|---------------|
| Logística | material of unit box | carton        |
|           | size of unitbox      | 355*210*260   |
|           | size of wooden case  | 1150*850*1030 |

|                 |               |                                                                                 |
|-----------------|---------------|---------------------------------------------------------------------------------|
